

ENVIRONMENTAL POLICY STATEMENT

Balmoral Tanks is committed to protecting the environment, preventing pollution, and continually improving environmental performance as an integral part of its business strategy and operations.

This policy serves as the foundation for our Environmental Management System (EMS). The policy has been developed and is maintained in accordance with the requirements of **BS EN ISO 14001:2015**, and provides a framework for setting, reviewing, and achieving our environmental objectives.

Scope of the Policy:

This policy applies to all activities, products, and services of Balmoral Tanks and extends to our supply chain and business partners where relevant.

Our Commitments: We will

1. Compliance with Legal and Other Requirements:

- Ensure that our operations comply with all applicable environmental laws, regulations, and other commitments we voluntarily endorse.

2. Environmental Protection:

- Proactively identify and minimise environmental risks and impacts arising from our activities, products, and services.
- Prevent pollution and reduce waste through responsible resource management and sustainable practices.

3. Continual Improvement:

- Set measurable environmental objectives and targets, regularly review our progress, and strive for continuous improvement in our environmental performance.
- Incorporate feedback from stakeholders to refine our EMS and align with emerging environmental challenges and opportunities.

4. Efficient Use of Resources:

- Promote energy efficiency, conservation of water, and sustainable sourcing of materials throughout our operations.
- Integrate the principles of circular economy by reusing, recycling, and reducing waste generation wherever feasible.

5. Awareness and Engagement:

- Educate and empower employees, contractors, and partners to contribute to our environmental goals.
- Foster an open dialogue with stakeholders, including customers, suppliers, and the community, about our environmental initiatives.

6. Leadership and Accountability:

- Ensure that environmental responsibilities are integrated at all levels of the organisation.
- Provide the necessary resources to support the effective implementation and maintenance of the EMS.

Policy Review and Communication:

This policy will be reviewed annually or as required to ensure its relevance and effectiveness. It will be communicated to all employees and, made available to interested parties, and published publicly to demonstrate our commitment to environmental stewardship.
